<p>Teacher Candidates in the Inclusive Early Childhood Education program are provided the experiences and academic support to learn how to meet the needs of all students with and without disabilities in inclusive early childhood learning environments. Students will be taught to focus on student strengths in order to support academic and social progress in inclusive environments. The program includes 10 content and methods courses with 5 field experiences interspersed throughout the program. A majority of the coursework is concurrently with field experience placements; all course content is carefully designed and assignments are linked to fieldwork requirements. These requirements will allow students to apply the concepts and skills and receive feedback from cooperating teachers, university field supervisors, and their course instructors throughout the program. Teacher candidates will gain experience teaching students from birth through age eight.</p>
